The Women of Siler have given scholarships to college students from Siler for many years. In 1988 the idea for the scholarship was first conceived and distributed.

The scholarship is named in memory of Patty Baucom— a wife, mother of two, a teacher of DECA at Parkwood High School, and an active member of Siler Presbyterian Church. Patty was the first chairperson of the Presbyterian Women Scholarship Committee. Patty was in the process of acquiring a second degree from Winthrop University when she died in an automobile accident on January 31, 1995. Education was something that she strongly believed in, and we trust that this scholarship honors her. It is our great hope that this scholarship will continue to help future Siler students for many years to come.
